Find something in ten seconds

- 1 Open `index.html` in this folder. It opens in any web browser and works without the internet.
- 2 Type a word, a name or a year, such as **Easter 2019**. Every word in every file is searched.
- 3 Or open the folders: type, then year. Every PDF is searchable too: press Ctrl+F (Cmd+F on a Mac).

How the files are named

Bulletins/ 2019/ 2019-04-21 Easter Sunday.pdf

 type folder  year folder  date, then title Names start with the date, so they sort in order. A month (2019-04) or a year alone means the file did not say the day.
